

30 Day English Speaking Challenge: Family

Week 1: Family – Day 3: Chores

Question: When you were a child, did you help your family with chores?
What did you do?

Vocabulary:

1. Chores: *housework; cleaning*

I'm so busy during the week that I have to do all of the **chores** on the weekend.

2. To help out (with): *to share a difficult task with someone else*

Thank you for **helping out** today. Carrying all these boxes into my new house would have been impossible without you.

Vanessa's answer:

In my family, my mom tried different ways to get me to **help out** with the **chores**. She made a list. She tried giving me money. She tried asking a lot. My poor mom. I didn't really **help out** with **chores** until I became a teenager, and I started to care about having a clean house.
