

30 Day English Speaking Challenge: Family

Week 3: Travel – Day 18: Occupy

Question: When you are on a long road trip or flight what are some things you do to occupy your time?

Vocabulary:

1. Occupy your time: *takes up your time and keeps you busy*

I usually read a book to **occupy my time** during my daughter's gymnastics class.

2. Audiobook: *a recording of a book read out loud*

I traveled so much this month that I listened to seven different **audiobooks**.

3. Wrapped up in: *so interested in something that you forget about other things*

I got so **wrapped up in** completing a project at work that I forgot to eat lunch.

Vanessa's answer:

Whenever I'm on a long road trip or flight, I really love to listen to **audio books**. I just get **wrapped up in** the story and time passes so quickly. This is even something that we enjoy doing with our kids because you can find so many children's **audio books** and then the whole family enjoys it, and before you know it, you're at your destination.
