Week 4: Food – Day 27: Dessert

Question: Do you typically eat dessert after your main meal? What are some of your favorite desserts?

Vocabulary:

1. Sweet tooth: *expression that means you like desserts or other sugary treats*

My grandma indulges my **sweet tooth** by making me cookies pretty regularly.

2. Everyday/daily basis: *something that's routinely done each day*

Since I spend a lot of time outside I check the weather on a **daily basis**.

3. Brownies: *a small, square piece of rich, fudgy chocolate cake that may contains nuts*

Could I have a glass of milk to go with my **brownie**?

Vanessa's answer:

Even though I have a **sweet tooth**, I don't eat desserts every day after our main meal. Usually I try to reserve desserts for a special occasion, like a birthday or a holiday. If I want something sweet on a **daily basis**, I'll usually eat a little piece of dark chocolate or maybe some fruit. But when I do make desserts, I love **brownies** and apple pie. I guess this is very American of me. These are two very American desserts, and if you have the chance to try them, I recommend it.
