

30 Day English Speaking Challenge: Family

Week 2: Activities – Day 13: Movies

Question: Do you prefer to watch movies at home or in the theater? What type of movies do you like?

Vocabulary:

1. Not big on/ Not that big on/Not really that big on: *don't like very much*
(Note: you can also say this is the affirmative, big on/really big on - do like very much)

I'm **not really that big on** chocolate even though most people really like it.

2. At that/the stage:

I'm **at that stage** in life where I just don't enjoy staying up late at night anymore.

Vanessa's answer:

For me. I'm actually **not that big on** movies in general, but if I do watch a movie, I prefer to watch movies at home so that I don't have to find a babysitter for my kids. I generally prefer to watch family movies, because I'm just in **that stage** in life where we want to watch movies together with our kids, but sometimes after the kids go to bed at night, I enjoy watching comedies too.
